VIGILANT'S HARD LUCK.

Had a Commanding Lead, but the Wind Failed and Britannia Crept Up.

LOOKED A CERTAIN WINNER.

One More Victory Credited to the Prince of Wales's Fine Yacht.

IRISH WATERS THIS TIME.

Good, Strong Wind for Two-Thirds of the Race, Vigilant Showing the Way to Her Rival.

(By Associated Press.)

BANGOR (Belfast Lough), July 16.—

The big event of this, the first day of the regatta of the Royal Ulster Yacht Club was the contest for the County Down Cup, open to yachts over 20 tons, and in it the American sloop Vigilant and the British cutter Britannia alone competed.

The cutter Carina was entered, but was withdrawn, as she had no possible chance against the two yachts.

Vigilant, as already cabled, was considerably altered before leaving the harbor on Saturday last. Her topmast, boom and spinnaker-boom were cut down from three to four and a half feet, and her hull area was consequently reduced. As a result, according to estimate, Vigilant now only allows Britannia a little more than a minute, possibly seventy seconds.

The American yacht has also, to all appearances, been much lighter than she was shown up more than a day than she was at the start.

The wind, just previous to the start, was fresh and westerly and promised a good day's racing. Outside of the yachtsmen of this neighborhood and other guests there were not many spectators of the international race, all spectators of the international race, all spectators of the international race.

Vigilant First Away.

At the start the American yacht secured the weather berth and kept it on the fetch to Carrickfergus.

The County Down Cup, which is valued at £50, was presented by the Marquis of Dufferin and Ava, the Marquis of Londonderry, Viscount Bangor, Vice-Commodore Lord Antrim and Mr. R. E. Ward; a money stake of £25 was added to the cup; the second prize was £25.

The course was square, and had to be sailed over three times in order to complete the total distance—fifty miles.

Jackpot No. 2 was off Carrickfergus, in the opposite, Antrim, shore, about a mile east of the bank; from there they sailed around Mark-boat No. 3, off Black Head, on the Antrim coast; thence round the South Dufferin Lightship and back to Mark-boat No. 1, off the place.

The experts among the spectators noticed that Vigilant's topmast-to-day looked short when compared with that of Britannia, but there was no denying that the American yacht's headstall looked much better than they have previously done.

Vigilant's Alterations.

The exact alterations made in Vigilant are as follows: Her topmast has been cut down four feet and a half, her spinnaker-boom has been shortened four feet and has been cut down an inch in diameter. Finally, three feet have been cut off her bowsprit, she has new wire stays and her ballast has been lightened.

Both yachts, on the fetch to Carrickfergus, carried club-headed topsails. Vigilant keeping the weather, sailed and apparently sailing much better in her altered trim. The two yachts kept pretty close together while heading for the Antrim shore. Britannia, however, carried the weather, and the American cutter was forced to tack.

The wind was strong and westerly, and Vigilant ran fast on the leader, and with jib-top-sail and spinnaker to port, she flew towards the mark. It was then down spinnaker and the plain sail to Black Head.

The times of the two yachts at mark-boat No. 2, off Carrickfergus, on the first round, were as follows:

H. M. S. Britannia 11 49 58
Vigilant 11 50 12

Vigilant's sails to-day were standing freely while going on the wind. At mark-boat No. 3, off Black Head, on the first round, the two yachts were timed as follows:

H. M. S. Britannia 12 15 13
Vigilant 12 15 35

Vigilant was, after turning this point, creeping away from her opponent.

THE WORLD'S CIRCULATION

AVERAGED 567,116 PER DAY,

THE GREATEST DAILY CIRCULATION EVER OBTAINED BY A NEWSPAPER. THE CIRCULATION BY DAYS WAS AS FOLLOWS:

Monday, - - - 587,876
Tuesday, - - - 543,318
Wednesday, - - - 633,261
Thursday, - - - 530,293
Friday, - - - 540,832

with a lead of nearly a minute on the turn.

Vigilant's Good Lead.

The following were the times of the two yachts in passing mark-boat No. 4, the South Brigs, on the first round:

H. M. S. Britannia 1 02 34
Vigilant 1 03 05

It will thus be seen that Vigilant was 31s. ahead of Britannia on the first round, and that she had gained 32 seconds on the last leg of the first round.

The Black Head mark-boat, on the second round, was turned in the following times:

H. M. S. Britannia 5 04 12
Vigilant 5 05 45

Britannia won by 1m. 23 sec., and, calculating her time allowance, at 1 m. 10 sec., which seems to be generally accepted as correct, the Prince of Wales's cutter won by 2 min. 45 sec.

GOFF APPEARS FOR BRUSH.

He Moves for the Immediate Trial of the Alleged Forger.

John W. Goff, the wily counsel to the Lexow committee, appeared in Part I. of the Court of General Sessions, this afternoon and moved for the immediate trial or the dismissal of the indictment of forgery in the second degree against John S. Brush.

John S. Brush, the defendant, appeared in Part I. of the Court of General Sessions, this afternoon and moved for the immediate trial or the dismissal of the indictment of forgery in the second degree against John S. Brush.

Both yachts, on the fetch to Carrickfergus, carried club-headed topsails. Vigilant keeping the weather, sailed and apparently sailing much better in her altered trim. The two yachts kept pretty close together while heading for the Antrim shore. Britannia, however, carried the weather, and the American cutter was forced to tack.

The wind was strong and westerly, and Vigilant ran fast on the leader, and with jib-top-sail and spinnaker to port, she flew towards the mark. It was then down spinnaker and the plain sail to Black Head.

The times of the two yachts at mark-boat No. 2, off Carrickfergus, on the first round, were as follows:

H. M. S. Britannia 11 49 58
Vigilant 11 50 12

Vigilant's sails to-day were standing freely while going on the wind. At mark-boat No. 3, off Black Head, on the first round, the two yachts were timed as follows:

H. M. S. Britannia 12 15 13
Vigilant 12 15 35

Vigilant was, after turning this point, creeping away from her opponent.

RECEIVERS FOR A TRUST.

Arthur C. Palmer and Miles M. O'Brien Named for the Umbrella Company.

COMPOSED OF 8 COMPANIES.

And the Capital Represented Said to Consist of Several Million Dollars.

GILBERT M. SPEIR, JR., REFEREE.

All the Concerns Are Ordered to Show Cause Why the Trust Should Not Be Dissolved.

Judge Hildesleeve, of the Superior Court, to-day appointed Arthur C. Palmer and Miles M. O'Brien receivers of the Umbrella Company, which is composed of eight companies of umbrella manufacturers and said to represent a capital of several million dollars.

Gilbert M. Speir, Jr., is appointed referee in the proceeding, and the eight companies are required to show cause why they should not be dissolved.

MRS. KEEP ON WEBB'S TRAIL.

Proposes to Invoke the Law Against the Moslem Missionary.

She Guards the Twenty-third Street Citadel with a Hot Poker.

Nafessa Mary T. Keep, who has held the fort against Mohammed Webb and the American Moslem Brotherhood at 30 East Twenty-third street, lifted the siege long enough to-day to pay a visit to the Turkish Consulate at 132 Broadway.

Mrs. Keep stated to Vice-Consul Ismail Bey that Mohammed Webb represented that he was especially commissioned by the Sultan of Turkey to preach the doctrines of Islam in this country, and by using the Sultan's name had procured contributions from believers in India.

The Vice-Consul replied in French that the Sultan of Turkey was not interested at all in establishing or maintaining a religious propaganda here, and that Webb had no authority to make the representations alleged.

Mrs. Keep has placed additional chains on her door, so that when her morning "woozoo" to-day when an attempt was made to break in, she was able to hold out for some time.

When the usual delegation of reporters arrived it was discovered that Mrs. Keep was ill. She had not tasted food for a day or two. In a moment the place was transferred into an improvised kitchen. The neighboring restaurants were visited, and claims, fruit and other articles procured.

In the meantime Mrs. Keep was being fed by the party. She was said to be "feeling better," and so it was that the defender of the fort was well provided for the party.

When the usual delegation of reporters arrived it was discovered that Mrs. Keep was ill. She had not tasted food for a day or two. In a moment the place was transferred into an improvised kitchen. The neighboring restaurants were visited, and claims, fruit and other articles procured.

When the inquiry is taken up again the first witness will be Mr. Hunsicker. Mrs. Murphy had read of Mrs. Keep's experience, and brought her a piece of ice.

UP WENT SUGAR AGAIN.

Talk of Favorable Legislation Caused the Boom.

Buying Orders Sent Over Private Wires from Washington.

The week opened with a tendency towards improvement in the Stock Exchange, and the bears were unable to make any impression upon prices.

The settlement of the strike and the reduced estimates of the losses sustained by the roads while the labor troubles were in progress had a good effect.

The feature of the market, however, was the industrial group, advances from Washington having been received to the effect that the tariff conference had agreed to make a tariff which will be favorable to the Trust.

On this the bulls took hold of Sugar stock and whiked the price up 2 1/2 to 101 5/8.

The dealings were large and attended with considerable animation. A number of buying orders were executed by house, having private wires to Washington.

Lackawanna rose 1 3/4 to 164 3/4; Burlington & Quincy 1 5/8 to 75 7/8; Chicago Gas 1 1/2 to 46 1/2; Lead preferred 1 1/2 to 12 1/2; Richmond Terminal preferred 1 1/2 to 17 1/2; United States Leather 1 1/4 to 10 1/4; Denver & Rio Grande preferred 1 1/8 to 17 1/2; Northern Pacific preferred 3 3/4 to 147 3/4; St. Paul 1 1/4 to 60 and Rock Island 1 1/4 to 68.

In the specialties Canadian Pacific jumped 1 3/8 to 65. Subsequently Distillers ran off from 23 1/2 to 21 on a reiteration of the reports recently current that the tax on distilled spirits and the bonded period will be both cut down from the figures formally agreed upon. It is also said that the Trust is meeting with greater opposition.

Chicago ran up to 75 3/4 and Sugar to 101. Money continues in superabundant supply at 1 per cent. on call and at 2 1/2 on time. There is little demand for accommodation at bank either for mercantile or speculative purposes. This was shown by Saturday's bank statement, the same having been further contracted last week.

While the stock market was quiet, the temper of speculation continued bullish, and further advances were made by the bankers and some of the specialties. The shorts were nervous, and many of them covered on the advance.

CAPT. DOPERTY THE FIRST.

He and Special Men Levy, Hoch and Meehan Charged with Blackmailing.

POLICE BOARD TO TRY THEM.

Mrs. Thurow's Testimony Before the Lexow Committee Used as Evidence.

FOUR CHARGES AGAINST EACH.

Neglect of Duty, Conduct Unbecoming Policemen and Injurious to the City Also Alleged.

Capt. Michael Doherty, of the Fifth Precinct, has been selected as the first member of the Police Department who was accused of blackmail by witnesses before the Lexow investigating committee, to be placed on trial before the Police Commissioners.

Strength was added to the report by the fact that Gen. Michael Kerwin, Police Commissioner, would not confirm the report. He said he had not heard from Mr. McClave and did not know of his resignation.

LAYING A NEW CABLE.

Steamship Britannia Takes the First Section Out.

HEARTS CONTENT, N. Y., July 16.—The work of laying the new Anglo cable, which is the largest ever made, having the heaviest weight of copper conductor per mile of any cable in the world, was begun by the landing of the American shore end here yesterday.

The steamers Scotia and Britannia, the latter with the section to be laid first, left about 2 o'clock, local time, with fair weather and good prospects.

From the Britannia the following message was received:

"LAT. 49. LONG. 51.2, ON BOARD THE BRITANNIA, July 16.—Weather fine, clear and calm; have passed a great many large icebergs in the night and this morning, several being right on the cable course; twelve now in sight."

M'CLAVE'S RESIGNATION.

May Be Announced with Gen. Kerwin's Appointment to New York.

The latest rumor about Police Commissioner McClave's resignation is that it is in the hands of Mayor Gilroy. The reason why the Mayor is holding it back, it is said, is that he will announce the retirement of McClave and the appointment of his successor at the same time.

Mayor Gilroy would not confirm the report. He said he had not heard from Mr. McClave and did not know of his resignation.

Strength was added to the report by the fact that Gen. Michael Kerwin, Police Commissioner, would not confirm the report. He said he had not heard from Mr. McClave and did not know of his resignation.

LAST EDITION.

OXFORD LOOKS LIKE A WINNER.

Yale Beaten in the 100 Yards, the Hurdle and the Mile Run.

HICKOK'S HAMMER THROW.

Cady, of Yale, Falls Nearing the Finish Line in the Hurdle Race.

WEATHER BAD, GROUNDS WET.

Remarkable Amount of Interest Shown in the Struggle Between the Athletes.

(By Associated Press.)

QUEEN'S CLUB GROUNDS, London, July 16.—The weather to-day was anything but promising for a satisfactory athletic contest between the university teams of Old England and New England.

A cold, gusty wind was blowing all the morning, it was raining at intervals and the grounds looked sodden and likely to prevent fast time being made or records being broken.

At the start the American yacht secured the weather berth and kept it on the fetch to Carrickfergus.

The County Down Cup, which is valued at £50, was presented by the Marquis of Dufferin and Ava, the Marquis of Londonderry, Viscount Bangor, Vice-Commodore Lord Antrim and Mr. R. E. Ward; a money stake of £25 was added to the cup; the second prize was £25.

The course was square, and had to be sailed over three times in order to complete the total distance—fifty miles.

Jackpot No. 2 was off Carrickfergus, in the opposite, Antrim, shore, about a mile east of the bank; from there they sailed around Mark-boat No. 3, off Black Head, on the Antrim coast; thence round the South Dufferin Lightship and back to Mark-boat No. 1, off the place.

The experts among the spectators noticed that Vigilant's topmast-to-day looked short when compared with that of Britannia, but there was no denying that the American yacht's headstall looked much better than they have previously done.

Vigilant's Alterations.

The exact alterations made in Vigilant are as follows: Her topmast has been cut down four feet and a half, her spinnaker-boom has been shortened four feet and has been cut down an inch in diameter. Finally, three feet have been cut off her bowsprit, she has new wire stays and her ballast has been lightened.

Both yachts, on the fetch to Carrickfergus, carried club-headed topsails. Vigilant keeping the weather, sailed and apparently sailing much better in her altered trim. The two yachts kept pretty close together while heading for the Antrim shore. Britannia, however, carried the weather, and the American cutter was forced to tack.

The wind was strong and westerly, and Vigilant ran fast on the leader, and with jib-top-sail and spinnaker to port, she flew towards the mark. It was then down spinnaker and the plain sail to Black Head.

The times of the two yachts at mark-boat No. 2, off Carrickfergus, on the first round, were as follows:

H. M. S. Britannia 11 49 58
Vigilant 11 50 12

Vigilant's sails to-day were standing freely while going on the wind. At mark-boat No. 3, off Black Head, on the first round, the two yachts were timed as follows:

H. M. S. Britannia 12 15 13
Vigilant 12 15 35

Vigilant was, after turning this point, creeping away from her opponent.
